

9th October 2024

Dear Parents / Carers

As part of our School Improvement Plan for next session, all classes will be taking part in a Social Enterprise Project based on developing our garden area at the front of the school. We have been working hard to create the raised beds and compost bin. But we are now in need of your help again!

We plan to have a session on **Tuesday 15th October at 10.00am** when we hope parents and carers could join us to help with digging, transporting compost and bark, cutting back hedges and also general weeding and tidying. It would be great if parents could bring their own tools like shovels or wheelbarrows to support but we will have some here to borrow too.

If this is something you or another family member think you might be able to help with, please follow the link via the QR code below and complete the online form. We will get back in touch closer to the time.

Kind regards

Miss Moses & Mrs Struthers
