Spring News Updates- News or updates from our classroom

Calvin – we moved seats after the February break so we get a chance to work with other people. We will change seats again after Easter.

Callie – all of the school corridors have had a lick of paint so our coat peg area is looking nice and fresh. Our pegs have new labels on them with our names.

Leo – The daffodils that we planted in September have started to grow. Have a look at them in our car park!

Our Learning- what have we been learning about?

James – we have been building Victorian houses from shoe boxes. We have used lots of materials to decorate the outside and will start adding furniture soon.

Eden-Rose – we loved our trip to New Lanark. It was great to see Victorian houses and experience the Victorian classroom.

Amelia – we have been learning about grid references. We played Billy Bug and tried to beat Oscar's time!

Anokhi – we have been practising our times tables and looking at multiplying and dividing by 10 and 100. **Leo** – some people even looked at using decimals.

Ava – we have finished playing our Ocarinas. It was great fun when we played songs.

Nieve – in writing we have written discussion texts about “Are dogs the best pets” and “The Annie McLeod ride was the best part of our trip”.

Next up we will-

Nikki – we will be finishing our Victorian houses. We need to add furniture such as beds and tables.

Our final discussion piece of writing will look at “Should animals be kept in zoos?” This will give the pupils the opportunity to discuss and write about the pros and cons of zoos.

In numeracy we will look at multiplying bigger numbers using the grid method. Look out on our Teams page for homework to practise this.

Our new topic will be looking at Extreme Earth. We will also be learning about the human body.

We will be measuring in maths and looking at weight, length, capacity and area.
