Dear Parent/Carer

**Intensive Transition Programme with WCHS**

To ensure a smooth and successful move to secondary school, your child has been invited to participate in an intensive transition programme working in partnership with WCHS. This programme is specifically designed to build confidence, familiarise pupils with their new environment and establish foundational skills needed to help them with the move into S1.

Unlike the standard orientation days, which your child will also take part in later this term with their class, these sessions are designed to foster independence and will involve more hands-on experience. Pupils will be shown around the high school in smaller groups, meeting key members of staff and mentors. Pupils will also have the opportunity to take part in a variety of learning activities, all within a small group setting. Pupils are welcome to bring a packed lunch to take to the high school, or they can have a cooked lunch at WCHS.

If you are happy with your child attending these sessions on the dates undernoted, please complete the online EE2 which you will find in your child's Parent Portal account. Parents are invited along to the final session on 19<sup>th</sup> May to meet the high school staff, so please remember to pop that date in your diary.

If you have further questions regarding the transition programme please contact the school office.

Kind regards

Miss Moses
